

# FALCON 900B | N900TE

The Falcon 900 is regarded as a long-haul aircraft, allowing you to reach many destinations. With exceptional performance and greater comfort than many others in its class, the large cabin Falcon 900 is a treat to fly on. The luxurious cabin interior offers you an exclusive and comfortable travel experience, and with 12 closely spaced windows on each side of the aircraft, natural light easily flows into the cabin.

This popular jet can accommodate 14 passengers on board, who will be accommodated by a cabin attendant. Due to its special characteristics, this jet can also take off from and land on airstrips and runways that cannot be accessed by a conventional plane.

# FALCON 900B | N900TE
